

## Christ Church School News

### Friday 6<sup>th</sup> November 2020

The children have all settled well into the new term and we look forward to sharing their success during our upcoming Parent Consultations. These will be held during the week beginning 16<sup>th</sup> November and more details will be sent next week.

We hope that parents and families will be able to join our Harvest celebrations next week on Friday 13<sup>th</sup> November at 1.15pm. This will be via Zoom and a link, along with details of how we can donate to Skipton Food Bank, will be sent nearer the time.

Friday 13<sup>th</sup> is also Children in Need Day 2020 and the children are all welcome to take part in our Non-Uniform Day for a suggested donation of £1. Pudsey ears and t-shirts at the ready!!

It's a busy week next week as, in honour of National Roast Dinner Day, Mrs Greaves will be preparing a special roast dinner lunch and this will be served on Wednesday – everyone is welcome to enjoy! The meals prepared by Mrs Greaves are delicious and filling, following all the government food standards. Children in Reception, Year 1 and Year 2 receive a free school meal and the cost to others is £2.50 per day. Please follow this link to check if your child is eligible for free school meals <https://www.northyorks.gov.uk/free-school-meals>

Have a lovely weekend,

Mrs Cooper and all at Christ Church School

#### FaceBook

As we are currently unable to host events for parents to come into school, we have recently started to make greater use of our FaceBook Page to share our learning in school. We hope that this will become more established this half term, so please like and share our page.

[smile.amazon.co.uk](https://www.smile.amazon.co.uk)

As we are unable to hold our usual PTA events at the moment, we have signed up to Amazon Smile. This is an easy way for us to raise school funds as Amazon will donate 0.5% of the net purchase price every time you shop via smile!

Remember, always start at [smile.amazon.co.uk](https://www.smile.amazon.co.uk)

Thank you for supporting **Skipton Christ Church School Fund**.

## **Covid-19 Update**

We have been very grateful for the support of parents and families during the pandemic, as we all work together to keep everyone as safe as we can. Therefore, we ask that during this lockdown period, families refrain from mixing with another household, e.g. 'going for tea' unless it is as part of a childcare bubble. The information below has been copied for your information, from the government guidance document.

## **What a childcare bubble is**

**A childcare bubble is where one household links with one other household to provide informal childcare to a child or children aged 13 or under. They can provide the childcare in either or both of the homes from the 2 households. 'Informal' childcare means it is unpaid and unregistered.**

**All adults in both households must agree to this arrangement.**

**The childcare can be provided where necessary in any location – public or private, indoors or outdoors.**

**You can only use a childcare bubble for childcare – that is, where the child's parent or regular carer is not present. You cannot use a childcare bubble to mix with another household for other reasons.**

## **2. Meeting others safely**

**In general, you must not meet people socially. However, you can exercise or meet in a public, outdoors space with people you live with, your [support bubble](#) (or as part of a childcare bubble), or with one other person. You should minimise time spent outside your home. When around other people, stay 2 metres apart from anyone not in your household - meaning the people you live with - or your support bubble. Where this is not possible, stay 1 metre apart with extra precautions (e.g. wearing a [face covering](#)).**

**You must not meet socially indoors with family or friends unless they are part of your household or support bubble.**

**A [support bubble](#) is where a household with one adult joins with another household. Households in that support bubble can still visit each other, stay overnight in each other's households, and visit outdoor public places together.**

**You can exercise or visit outdoor public places with:**

- the people you live with
- your support bubble
- or, when on your own, 1 person from another household. Children under 5, as well as disabled people dependent on round-the-clock care are not counted towards the limit on two people meeting outside

**There is further guidance on what exercise and other physical activity can continue during the period of national restrictions.**

**Outdoor public places include:**

- neighbourhood streets, parks, beaches, and the countryside
- public gardens and grounds (whether or not you pay to enter them)
- allotments
- outdoor playgrounds

You cannot meet people in a private garden, unless you live with them or have formed a support bubble with them.

Thank you to parents and families for following the guidance regarding symptoms and testing. We know that it is a frustrating process but we appreciate your support in keeping school running as smoothly as possible.

### Presents with symptoms

| STAGE 1  | STAGE 2  | STAGE 3   |
|--|--|---|
| Pupil or staff member presents with COVID-19 symptoms.<br>(a new, continuous cough or a high temperature or a loss of taste / smell) | Individual sent home and advised to follow the guidance which sets out that they must self-isolate for at least 7 days and should <a href="#">arrange to have a test</a> to see if they have coronavirus (COVID-19). Other members of their household (including any siblings) should self-isolate for 14 days from when the symptomatic person first had symptoms | If test is negative, individual returns to school and households end self-isolation.<br><br>If test is positive, move to 'confirmed case' scenario below. |

### Positive result

| STAGE 1   | STAGE 2  |
|---|--|
| <p>If someone tests positive, they should follow the <a href="#">‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’</a> and must continue to self-isolate for at least 7 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 7-day period starts from the day when they first became ill. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal.</p> <p>Other members of their household should continue self-isolating for the full 14 days</p> | <p>Those people who have been in close contact with the person who has tested positive will be sent home and advised to self-isolate for 14 days since they were last in close contact with that person when they were infectious</p> <p><i>close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin)</i></p> <p><i>proximity contacts – extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual travelling in a small vehicle, like a car, with an infected person</i></p> |

**School will contact the local health protection team.**
